

WE HAD TO BE PAID FOR WORK

Bransford's Veto Overridden by Council By Vote of 11 to 3.

WILL HAVE FIRE MARSHAL.

Expert to Be Brought from the East To Be Appointed by Fire Chief And Paid by Underwriters.

As had been anticipated, the city council last evening passed the Kennebec pumping bill for \$9,988 over the veto of the mayor, who had submitted his second disapproval of the council's resolution to pay the same in an amended form.

Councilman Martin, Fernstrom and Reed strongly favored the veto, while Councilman Stewart opposed it and upheld the mayor's position. On the final vote, Black, Cowburn, Fernstrom, Hodgson, Hall, Marshall, O'Donnell, Raybould, Reedall, Wood and Davis voted against the veto, and Hurd, Muldoon and Stewart voted for it.

The matter of entering into a contract with St. Mark's hospital for the creation of two isolation hospitals for the treatment of scarlet fever and diphtheria was agreed to, the recommendation of the committee that the city enter into the contract being adopted and the matter was referred to the mayor and city attorney for action.

WILL HAVE FIRE MARSHAL.

The council passed the ordinance creating the office of fire marshal in Salt Lake City. The new official will be appointed by the chief of the fire department, but he will be paid by the board of fire underwriters, who pay the salary of the fire marshal and his deputies.

A communication was received from Tim Pitt, chief of police, recommending that an ordinance be drawn up and passed compelling chauffeurs to take out a license of \$12 per year for driving an automobile, and that they be compelled to report every month to the police department so that close tabs might be kept on the activities of every machine in the city. The matter was referred to the license committee and chief of police.

The third avenue grading middle was taken up and the specifications were ordered changed so that the grade at the top of the hill on A street would read one foot instead of four, as at present.

Fernstrom endeavored to get an amendment providing that no oil wagon should be permitted to stand within 20 feet of any house, or stable or other building unless placed in a fireproof building. The matter was brought up by complaints of property owners on east Fifth street that a gasoline wagon is kept full of oil at night in dangerous proximity to the residences and outbuildings of the neighborhood. Councilman Martin said he thought the matter was the result of a family row and moved that the matter be referred to the fire committee. Against Mr. Fernstrom's vigorous protest, this was done.

ROUTINE MATTERS.

W. J. Oshlin of Evanston, Wyo., presented a copy and the specification to take the whole of the proposed bond issue of \$600,000 which he proposes to dispose of through a Chicago party. Referred to finance committee.

The council reported the receipt of a telegram from Congressman Howell at Washington stating that the house committee had reported favorably the bill for a permanent easement and right-of-way for the city pipe lines over the military reservation to the east of the city.

Estimates were submitted by the city auditor as follows: James Kennedy, sewers, \$5,693.61; Strange & McGuire, sewers, \$5,550.31; D. H. Harvey, sewers, \$2,987.77; P. J. Moran, \$26,034.61; Frank Doran, sidewalks, \$2,967.58; P. J. Moran, paving, \$9,693.56. The estimates were referred to the finance committee.

The city auditor submitted the payrolls of the department for the half month ended May 15. In the aggregate of \$12,676.06. Referred to finance committee with power to act.

Superintendent Hobday of the waterworks department asked for authority to employ an assistant clerk at a salary of \$15 a month, during such time as his services may be needed. The request was granted.

Chief of Police Pitt asked that the license of the Big Four saloon, on Commercial street, be revoked, for the reason that the saloon has broken the Sunday closing ordinance and that the saloon is a low-down resort and dive.

As the chief failed to affix his signature to the communication, it was returned to him without action.

Chief of Police Pitt asked the council to revoke the appointment of C. J. McNulty as special policeman on the ground that facts were misrepresented at the time of his appointment a week ago. Chief Pitt stated that McNulty is a striker and had resided in Helper or Castle Gate until a short time ago. The appointment was revoked.

The board of public works submitted the contract entered into with Davis & Heuser for sewer extension 136, in the sum of \$54,504.92. Referred to engineering and finance committee.

The police and prison committee recommended that William Anderson, C. W. Richmond, George Pugsley and J. S. Barlow be appointed special policemen without pay from the city. The chief of police had named the men who were asked for the Rio Grande Western Railway company, and their appointments were approved.

John Dern asked permission to change the channel of Parley's creek, where it crosses Rice street, Nye's addition, so as to run straight from the north end of Rice street through lots 1 and 2, to State street; thence north on State street to intersect with the present channel. Referred to engineering committee.

W. H. Ellison, chairman of the Commercial club, submitted a number of suggestions relating to putting into good condition the main road leading into the city from the north. Referred to streets committee.

GOLDEN WEDDING.

Mr. and Mrs. John McDonald Entertain 300 Guests at Residence.

The golden wedding anniversary of Mr. and Mrs. John McDonald has been the occasion of two delightful affairs, the first on Saturday evening when President Joseph F. Smith gave a large reception and banquet in their honor at the Lion House, and yesterday when Mr. and Mrs. McDonald held a reception at their home on east Fourth South, about 300 guests being present.

Blood Humors

Commonly cause pimples, boils, hives, eczema or salt rheum, or some other form of eruption, but sometimes they exist in the system, indicated by feelings of weakness, languor, loss of appetite, or general debility, without causing any breaking out.

Hood's Sarsaparilla expels them, renovates, strengthens and tones the whole system.

Hood's Sarsaparilla

Is peculiar to itself. Accept no substitute. In usual liquid form or chocolate tablets called Sarsatabs. 100 Doses One Dollar.

One of the most notable that have taken place at the historic mansion. The rooms were decorated in gold and white, with wedding bells and rings, while all about were flowers in the same colors. Five tables were laid and beautifully decorated, the guests of honor sitting with the host at the head table and other distinguished members. Among those present were the members of the first presidency of the L. D. S. Church, and a number of other officials, while the ladies included the wives, and many well known women of the church, of which they are devoted members, among them being Mrs. Bathsheba Smith, Mrs. E. B. Wells, and others. An address of welcome was made by President Smith, and a program of music, addresses and readings was given during the evening, including a sketch of the lives of the honored guests by Mrs. E. B. Wells, violin selections by Mr. McDonald, a poem by Apostle O. F. Whitney, a song by Apostle Heber J. Grant, a song by George D. Pyper, selections by Mr. Phil Margetts, a congratulatory toast by Aurelius Miner, and others. A feature of the evening was a grand march, in which all took part. About 100 guests were present, and the affair was an altogether enjoyable and memorable one.

On Monday afternoon Mr. and Mrs. McDonald received at their home, which was elaborately decorated for the occasion, the parlor being in white and gold, the drawing room in red and white, and the dining room in pink and white, snowballs, bridal wreath, jasmine, carnations and roses being used with ferns and palms. An orchestra stationed in the library rendered delightful music during the afternoon, and the sons, daughters and grandchildren assisted in receiving and entertaining. A feature of the afternoon was the presentation of a watch to Mr. McDonald and a chair to Mrs. McDonald by their children. Refreshments were served from a beautifully decorated table, and many friends of the popular couple were present to extend congratulations. The anniversary marked indeed a golden milestone in their lives, and many friends join in congratulations.

Build up muscular flesh, healthy tissue, rich, red blood, clear the stomach, kidneys and liver. That's what Hollister's Rocky Mountain Tea will do. 35 cents. Tea or Tablets. Godbe-Pitts Drug Co.

BYHOWER IS ENTHUSED.

Superintendent of City Parks Sees Spots of Beauty Everywhere.

Enthusied with the carefully kept lawns and beautiful surroundings of residences in some parts of the city, C. E. Byhower, city superintendent of parks, dilates on the subject as follows:

"A round trip along our streets, especially South Temple and Second South streets and First and Second avenues, will make a person feel better after having spent his time at a desk or counter, occupying himself with counting money or anything else connected with such dead affairs.

"To see the beautiful lawns, to see the shrubs and trees, adorned with flowers of all shades, and leaves of green in the first stage of virgin beauty, it should

inspire an admiring reverence for the great powers of nature, majestic and wonderful in its accomplishments, being able to transform dormant branches into exhibitions of beauty and art, as no human creature is able to imitate to the least. For an especially beautiful sight, go as far as Sixth East street and South Temple street, and no more beautiful sight can be desired; well kept lawns on every hand; well trimmed trees and fine shrubs, and beautiful buildings to admire. What else can be said other than that Salt Lake City, with opportunities of transforming every street into such a beauty as this, is really a wonderful city, a gem of the west, a city of gardens, a city to enjoy, and a most desirable city, too, for every one and in every respect.

"Set aside prejudices of narrow kind; they cannot harmonize with nature as she exists in our city; no flowers or trees care a bit about your small ideas of social life; here is the City Beautiful; go and see for yourself, and if you cannot agree with these statements, go out on the desert, where the flowers are or no beautiful trees exist, because you must undoubtedly be denuded of feelings, human and civilized, and the trees and flowers do not want to see you here.

In spring attire our streets are dressed, including a spirit of gladness and appreciation and with all of these who are good as the flowers are, 'Salt Lake City is our beautiful city, the city we love.'

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease. It is taken in time. F. J. Hill Drug Co., 'The Never Substitutors.'

Commercial Club Governors Adopt Resolutions Honoring Deceased.

At a meeting of the board of governors of the Commercial club, yesterday afternoon, resolutions of respect to the late L. L. Downing were adopted. The funeral of deceased, which will be held tomorrow afternoon, commencing at 3 o'clock at Masonic temple, will be attended by the board as a body. The resolutions read as follows:

"Whereas, The hand of death has suddenly removed from a life of usefulness to his fellow men, Landon L. Downing, a member of this board and a highly esteemed and respected citizen of this community; therefore be it

Resolved, That the board of governors of the Commercial club does hereby extend to the bereaved wife of its deceased member its profound sympathy.
